

“On Course with the DJGA”

The Official Online Newsletter of The Dakota Junior Golf Association

News from the DJGA...

With a majority of the golf courses opened in the area, its exciting to see and hear the stories already of how fun it is to have full access to the golf courses. Having the opportunity to actually test the new golf equipment and see the results and start to set goals for this season!

Please do your part this golf season and keep the golf courses in the same, if not better condition, then when you played it! Here are a few things to always be mindful of when playing the golf course...

1. Replace divots on fairways and fix pitch marks on putting greens
2. Rake bunkers clean when finished hitting from inside them
3. Pick-up and dispose of any broken tees on any of the tee boxes

By doing your part this golf season you are ensuring care of the golf course and providing you and your guests with the best possible playing conditions to enjoy your round!

Fairways and Birdies,
Michael Herzog, PGA
